KORTAS HADIL

Software engineering student

I am a motivated and ambitious person, passionate about lifelong learning and personal development. With a solid background in development, I am able to work independently or as a team and manage multiple tasks simultaneously while meeting the deadlines. My ability to analyze and solve problems enables me to find effective and innovative solutions. In addition, I am constantly looking for new knowledge to improve my skills and performance.

Arduino, Raspberry

ASSOCIATIVE LIFE

- General Secretary at ATAST Club ESSTHS
- Team Coordinator at Hult Prize Sousse
- Sponsorship and financial matters at ATAST Club ESSTHS

CERTIFICATIONS

- Certification in CCNA 3 at ISET Sfax
- Security night at ATAST Club ESSTHS
- Android studio training with ATAST at Monastir
- ATAST student section national summit at Monastir
- B-TECH Competition international festival of engineering sciences and technology in Tunisia
- Microsoft Office Specialist at ESSTHS
- innovation camp with INJAZZ
- « Nuit de l'info » at MICROSOFT Club Polytechnique Sousse
- Participation in the competition of HultPrize Polytechnique Sousse (Fast Fashion)

LANGUAGES

- French (Read, written, spoken)
- English (Read, written, spoken)
- German (A1 level)

EDUCATION

SECOND YEAR ENGINEERING CYCLE

Sousse (2022- 2023)
Polytechnique Sousse School
Specialty : Software engineering

FIRST YEAR MASTER DEGREE

Sfax (2021 – 2022)
HIgher Institute of Technological Studies of Sfax
Specialty : Development of computer systems and networks

LICENSE APPLIED

Sousse (2018 – 2021)
Higher school of sciences and technologies hammam Sousse
Specialty : information and communication sciences and technologies

PROFESSIONAL EXPERIENCE

AFIA WEB (02/2021 - 05/2021 SOUSSE)
Graduation Project internship
Development of a web-based dental office application to facilitate the connection between the doctor and his staff and to help minimize the efforts of the doctor, staff and patient by reducing the time. Each patient can seek an appropriate office and schedule an appointment easily.

Intellij , Java , API REST, SpringBoot, Postman, AngularJs

TUNISIE TELECOM (07/2020 - 08/2020 SOUSSE)
Worker internship

Become familiar with telecommunications services and equipment.

EDIDACT (06/2022- 09/2022SOUSSE)
Worker internship

Study of laravel.
Development of a mini website with Laravel From Scratch. Participation in the web development of the Edidact platform Edidact, the learning platform that allows children aged 4 to 15 years to review all subjects taught at the Swiss Romand School in a fun, autonomous and motivating way for better results.

PHP, Laravel, Bootstrap, MySQL, HTML

MINI-PROJECTS

- **Yellow Page Web Application**
  MERN Stack (mongoDB, express, ReactJs, NodeJs)
- **Web-based application for managing training and trainers**
  PHP, Symfony 5, Twig, MySQL
- **Parking reservation**
  Flutter, Dart, MongoDB, NodeJS
- **Mobile chat app**
  Java , Android studio, Firebase
- **Mobile inventory management app**
  Java , Android studio, Firebase
- **Shortest less path**
  Algorithme avancé ,DIJKSTRA, Python
